

## Surfaces Configuration Guide

Nov/17

5 Minds Mobility Mattresses - It's your health. Find comfort here.

## Custom Sizes

The standard mattress size is 36" x 80" for all 5MM products. There is a wider version of 39" x 80" for both the Adapt 2 and Original Snap Series.  
 However, for all 5MM mattresses, custom sizes are available. Please call for a quote.

## Recovery 5 Incontinent Covers and Coverlets

All of our mattresses come standard with a Recovery 5 anti-microbial base cover which provides incontinent protection for up to four hours, and aids in keeping skin cool and dry. It is removable, machine-washable, fluid-proof and fire-retardant. This material helps wick away moisture and increases air flow and breathability.

You can add a coverlet to your mattress which has stretchy corners and fits over the mattress (and inserts) like a regular fitted sheet. Each insert can also have its own removable zippered cover.

**UPGRADE to the R5 Ultra!** The new Recovery 5 Ultra is an additional zippered enclosure cover for the full mattress surface (and inserts) with 4-way stretch, is machine washable, and provides up to 6X more incontinent protection. To order, simply add the code -R5U to the mattress part numbers.

## ROHO® Mattress Sections

We have expanded our line of ROHO® compatible mattresses to give you even more options. These non-powered, adjustable, advanced pressure relieving mattress sections can be inserted into our: **Acute, Adapt 2, and Original Snap Series.**

These mattress sections are flame and fluid resistant and can be used in a number of configurations - whatever best suits your needs!

## Table of Contents

- Adapt 2 Series - 36" .....3
- Adapt 2 Series - 39" .....4
- Acute Series.....5
- Original Snap Series - 36" .....6

## Adapt 2 Series Mattress System - 36" x 80"

Size: 36" x 80"; **Custom sizes available - call for a quote**  
 30" wide insert options: **Foam, GelFlex™ or ROHO® (NEW!** Foam and GelFlex™ inserts are flippable for longevity and ease of use). **A variety of combinations are available to meet your needs using these insert options - just make sure the size adds up to 76"!**  
 Note: There is a 4" GelFlex foot bolster at the bottom which adds to the 80" length. It holds the inserts in place without the need for snaps, nor the need to purchase an additional section to complete mattress.  
 Weight Capacity: 350 lb  
 Cover options: Standard R5 cover provides incontinent protection for up to four hours.  
**UPGRADE to the R5 Ultra!** The new Recovery 5 Ultra top cover for the full mattress surface with 4-way stretch, is machine washable, and provides up to 6X more incontinent protection.

**Our newest offering!**

**Adapt 2 surface and inserts include a Fire Barrier sock fabric to meet full-scale fire retardant standards (not pictured).**
